

At the June 15, 2010 UTFA Council meeting, following a lengthy discussion regarding the closure of the University of Toronto St. George campus during the G-20 summit in Toronto, UTFA Council passed the following resolution:

“UTFA regrets the university administration’s failure to engage employee associations in the decision to close the campus for the G20”

Numerous faculty and librarians, including many involved with UTFA, have also signed onto an open letter to University President David Naylor and Vice-President and Provost Cheryl Misak expressing concerns about the decision to close the campus. This letter may be accessed at the following link:
